2110 - STATEMENT OF PHILOSOPHY

The Board of Education believes that the purpose of education is to facilitate the development of the potential of each student. In a free society, every individual has both the right and responsibility to make choices and decisions for himself/herself and for society. A prerequisite for every member of such a society in meeting those responsibilities is competence in the use of the rational thought processes needed to make intelligent, ethical choices and decisions. If our society, as originally conceived, is to survive and function effectively, its young people need to be prepared to exercise their rights and their responsibilities in ways that benefit them and the society. Likewise, if individuals are to be able to achieve their life goals in a free society, they need to be competent to choose among the myriad alternatives that are and continue to be available to them.

The enculturation process in our society focuses on preparing the young to meet certain expectations and to avail themselves of opportunities to attain personal goals within that society. The District's program should reflect the formal aspect of the enculturation process, and, therefore, needs to focus on both the areas of societal expectations and personal opportunity available in our society.

With regard to societal expectations, people in this society are expected to:

- A. be self-sufficient -- that is, to meet their own needs, to the extent they are able, in their own way and without inhibiting others' opportunity to do the same;
- B. fulfill their responsibilities to contribute to the "common good" by actively participating in affairs affecting all members of society.

Today there is ample evidence that some students are not learning how to make effective, rational, responsible, or ethical choices or decisions in regard to how they treat their minds and bodies, how they plan their futures, how they cope with frustration, or how they solve personal, social, and economic problems.

The Board and staff believe that the thought and action process involved in taking intelligent, ethical action can be learned just as any other set of procedures can be learned, provided students are given consistent, appropriate opportunities to:

- A. see the procedures modeled;
- B. learn what the procedures are;
- C. practice using the procedures and correct ineffective use of them;
- D. apply the procedures to a variety of relevant situations.

The District is committed to ensuring adequate provision for such opportunities and to the applications of these processes to achieving the other educational goals associated with the District's mission.

Hamtramck Public Schools

The Hamtramck Public Schools believe that all students are entitled to the following services, regardless of gender, religion, race, color, national origin or ancestry, age, disability, marital status, place or residence within the district, social or economic status, height, weight and/or any other legally protected characteristic.

- A. Professional direction in developing to their fullest potential as individuals.
- B. Guidance in becoming responsible individuals and responsible members of society.
- C. Adequate preparation for meeting the challenges of today's and tomorrow's world.

The practical application of this philosophy necessitates a close adherence to the following objectives:

A. For the Students:

- 1. to develop the knowledge, skills, habits and attitudes that will help them compete successfully in society;
- 2. to develop habits conducive to moral, mental and physical health;
- 3. to encourage a feeling of self-worth, dignity and place in life;
- 4. to provide an adequate program geared to the needs of each child;
- 5. to provide experiences that will offer opportunities to appreciate order, power and beauty in the arts and sciences;
- 6. to work cooperatively in solving problems of the city, the state and the nation;
- 7. to become aware that rights and responsibilities are equally important in a democratic society;
- 8. to become aware of the continuing need for objective re-examination of issues in light of new information and changing conditions in society;
- 9. to provide experiences that will contribute to worthwhile use of leisure time;
- 10. to provide opportunities for the adults of the community to further their education.

B. For the School Personnel:

- 1. to encourage and provide for in-service education;
- 2. to improve and maintain a high morale by providing reasonable working conditions;
- 3. to provide for adequate and up-to-date physical plant, teaching aids, materials and equipment whenever possible;

C. For the Community;

1. to make the most efficient use of the physical plant in order to enable the community to participate in social, cultural, educational and recreational activities;
2. to strive for better understanding, for example, of educational procedures, curriculum changes, and personnel changes.

2112 - PARENT AND FAMILY ENGAGEMENT

The Board of Education recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents and family members in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism. This policy shall serve as the District policy, as well as the Parent and Family Engagement policy for each school in the District.

The Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA), defines the term "parent" to include a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare).

The term "family" is used in order to include a child's primary caregivers, who are not the biological parents, such as foster caregivers, grandparents, other family members and responsible adults who play significant roles in providing for the well-being of the child.

Family engagement is a collaborative relationship between families, educators, providers, and partners to support and improve the learning, development and health of every learner. The principles of family engagement include: relationships as the cornerstone; positive learning environments; efforts tailored to address all families, so all learners are successful; purposeful and intentional efforts that clearly identify learner outcomes; and engaging and supporting families as partners in their child's education.

Through this policy, the Board directs the establishment of a Parental Involvement Plan by which a school-partnership can be established and provided to the parent of each child in the District. The plan must encompass parent participation, through meetings and other forms of communication. The Parental Involvement Plan shall reflect the Board's commitment to the following:

A. Relationships with Families

1. cultivating school environments that are welcoming, supportive, and student-centered;
2. providing professional development for school staff that helps build partnerships between families and schools;^{1,2}
3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;^{1,2}
4. providing coordination, technical support and other support to assist schools in planning and implementing family involvement activities.²

B. Effective Communication

1. providing information to families to support the proper health, safety, and well-being of their children;
2. providing information to families about school policies, procedures, programs, and activities;^{1,2}
3. promoting regular and open communication between school personnel and students' family members;
4. communicating with families in a format and language that is understandable, to the extent practicable;^{1,2}
5. providing information and involving families in monitoring student progress;²
6. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions;^{1,2}
7. preparing families to be involved in meaningful discussions and meetings with school staff.^{1,2}

C. Volunteer Opportunities

1. providing volunteer opportunities for families to support their children's school activities;²
2. supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family involvement events.²

D. Learning at Home

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school;^{1,2}
2. working with families to establish learning goals and help their children accomplish these goals;
3. helping families to provide a school and home environment that encourages learning and extends learning at home.¹

E. Engaging Families in Decision Making and Advocacy

1. engaging families as partners in the process of school review and continuous improvement planning;²
2. engaging families in the development of its District-wide parent and family engagement policy and plan, and distributing the policy and plan to families.^{1,2}

F. Collaborating with the Community

1. building constructive partnerships and connecting families with community-based programs and other community resources;^{1,2}
2. coordinating and integrating parent and family engagement programs and activities with District initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.^{1,2}

Implementation

The Superintendent will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the District's continuous improvement, and individual school improvement plans. The District's plan, as well as each school's plan, will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's content, effectiveness and identification of barriers to participation by parents and families with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background; the needs of parents and family members to assist with the learning of their children (including engaging with school personnel and teachers); and the strategies to support successful school and family interaction. Each school plan will include the development of a written school-parent compact jointly with parents for all children participating in Title I, part A activities, services, and programs. The compact will outline how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Evaluation findings will be used in the annual review of the Parent and Family Engagement policy and to improve the effectiveness of the District plan. This policy will be updated periodically to meet the changing needs of parents, families, and the schools.

2220 - COURSE PREPARATION

One of the desired educational outcomes of the District is for students to have the prerequisite knowledge, attitude, and skills with which to enter the world of work at some later time in their lives. Board of Education Policy 2220 directs that the administration and staff include as a learning outcome for each course of study that students can demonstrate both willingness and ability to be punctual, to be present regularly at the learning site, to participate in the learning activities, and to complete assignments on time and as directed.

For students to develop these basic "workplace behaviors", teachers will need to emphasize their importance as they conduct learning activities. Such reminders can be part of directions, assignments, learning reviews, and feedback sessions on how well students functioned during activities.

These attitudes and behaviors are to be made a part of the student's final grade in a course after principals and teachers determine the best method for grading such learnings and their weight relative to academic content of each program. It should be made clear to students at the beginning of each course and prior to the end of each marking period that the "workplace behaviors" will be part of the grade for the course.

The District has prepared a Form 2220 F1 which provides a list of workplace competencies that business and industry considers of primary importance. Surveys of employers indicate they are more interested in young people reflecting these behaviors than in technical knowledge and skill which can be developed by the employer. The form can be used, initially, to help staff formulate learning objectives for the courses of study which will produce the desired outcome. Additionally, the form facilitates the grading of each behavior. Form 2220 F2 has been designed for students to use to help them develop and maintain an awareness of these competencies and to assist teachers and counselors in their discussions with and evaluations of students.

Since the development of good work habits takes time, effort, and continued reinforcement, such learning should start at the elementary level and build with increasing emphasis through the high school programs. The relative grading weight for these behaviors should also increase commensurately.

2240 - **CONTROVERSIAL NONOFFENSIVE ISSUES**

The Board of Education believes that the consideration of controversial issues has a legitimate place in the instructional program of the schools.

Properly introduced and conducted, the consideration of such issues can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.

For purposes of this policy, a controversial issue is a topic on which opposing points of view have been promulgated by responsible opinion likely to arouse both support and opposition in the community.

The Board will permit the introduction and proper educational use of controversial issues provided that their use in the instructional program:

- A. is related to the instructional goals of the course of study and level of maturity of the students;
- B. does not tend to indoctrinate or persuade students to a particular point of view;
- C. encourages open-mindedness and is conducted in a spirit of scholarly inquiry.

Controversial issues related to the program may be initiated by the students, provided they are presented in the ordinary course of classroom instruction and are not substantially disruptive to the educational setting.

Controversial issues may not be initiated by a source outside the schools unless prior approval has been given by the principal.

When controversial issues have not been specified in the course of study, the Board will permit the instructional use of only those issues which have been approved by the principal.

In the discussion of any issue, a teacher may express a personal opinion, but shall identify it as such, and must not express such an opinion for the purpose of persuading students to his/her point of view.

The Superintendent shall develop administrative guidelines for dealing with controversial issues.

2241 - **CONTROVERSIAL SPEAKERS IN SCHOOLS**

Within the limitations imposed by the level of intellectual and emotional maturity of the students to be addressed, faculty members may invite competent speakers to address their classes on subjects which are within the framework of the curriculum for the class and which are not prohibited by law. The Superintendent, other administrators and responsible faculty members shall determine the competence of any person invited to speak, and all speakers other than district personnel must have prior written approval from the building principal.

If the topic to be discussed is of a controversial nature, speakers representing various sides of the issue must be provided in order that various viewpoints are presented to the student.

Speakers should be informed in advance the framework within which they will operate and that the use of profanity and obscene expressions are considered inappropriate for use in the classrooms of the Hamtramck Schools

It should be clearly understood that an invitation to a speaker to address students does not necessarily imply an endorsement of the views expressed by the speaker, nor are the directors, administrative officers, or teachers of the School District, required to take a stand for or against the ideas presented by the speaker. They may do so provided that the policy on controversial issues (File 6144) is observed when the subject is of a controversial nature.

The School District assumes no obligation to provide an audience for outside speakers in its classrooms or activities. Requests by outside persons to speak to classes will be referred to the office of the Superintendent. Such request will be reviewed and may be referred to the appropriate building administrator or faculty member who may act upon such requests at his/her own discretion.

Section: 2000 Program

2260 - **NONDISCRIMINATION AND ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY**

Any form of discrimination or harassment can be devastating to an individual's academic progress, social relationship and/or personal sense of self-worth.

As such, the Board of Education does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or gender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, "Protected Classes") in its educational programs or activities.

The Board also does not discriminate on the basis of Protected Classes in its employment policies and practices as they relate to students, and does not tolerate harassment of any kind.

Equal educational opportunities shall be available to all students, without regard to the Protected Classes, age (unless age is a factor necessary to the normal operation or the achievement of any legitimate objective of the program/activity), place of residence within the boundaries of the District, or social or economic background, to learn through the curriculum offered in this District. Educational programs shall be designed to meet the varying needs of all students.

In order to achieve the aforesaid goal, the Superintendent shall:

A. Curriculum Content

review current and proposed courses of study and textbooks to detect any bias based upon Protected Classes, ascertaining whether or not supplemental materials, singly or taken as a whole, fairly depict the contribution of both genders, various races, ethnic groups, etc. toward the development of human society;

B. Staff Training

develop an ongoing program of in-service training for school personnel designed to identify and solve problems of bias based upon Protected Classes in all aspects of the program;

C. **Student Access**

1. review current and proposed programs, activities, facilities, and practices to ensure that all students have equal access thereto and are not segregated on the basis of the Protected Classes in any duty, work, play, classroom, or school practice, except as may be permitted under State regulations;
2. verify that facilities are made available, in accordance with Board Policy 7510 - Use of School Facilities, for non-curricular student activities that are initiated by parents or other members of the community, including but not limited to any group affiliated with the Boy Scouts of America or any other youth group listed in Title 36 of the United States Code as a patriotic society;

This language does not prohibit the District from establishing and maintaining a single-gender school, class, or program within a school if a comparable school, class, or program is made available to students of each gender.

D. **District Support**

verify that like aspects of the District program receive like support as to staff size and compensation, purchase and maintenance of facilities and equipment, access to such facilities and equipment, and related matters;

E. **Student Evaluation**

verify that tests, procedures, or guidance and counseling materials, which are designed to evaluate student progress, rate aptitudes, analyze personality, or in any manner establish or tend to establish a category by which a student may be judged, are not differentiated or stereotyped on the basis of Protected Classes.

Definitions:

Words used in this policy shall have those meaning defined herein: words not defined shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Respondent is the individual who has been alleged have engaged in unlawful discrimination/retaliation, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

School District community means students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means a business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

District Compliance Officers

The Board designates the following individuals to serve as the District's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs").

Director of Student Services
3201 Roosevelt St.
Hamtramck, MI 48212
(313) 892-2037
TitleIX@hamtramckschools.org

Director of Human Resources
3201 Roosevelt St
Hamtramck, MI 48212
(313) 892-3817
TitleIX@hamtramckschools.org

The names, titles, and contact information of these individuals will be published annually.

The District will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. The goal shall be to provide all students with the same access and participation opportunities provided to other students in school. Confirmation of disability, need for a service animal to access the school programming, and current certification/training of the service animal may be required.

The COs are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination Act of 1975 is provided to students, their parents, staff members, and the general public. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

The Superintendent shall annually attempt to identify children with disabilities, ages 0-25, who reside in the District but do not receive public education.

The Board is committed to educating (or providing for the education of) each qualified person with a disability with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

In addition, the Superintendent shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their ability to participate in District programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation and exit guidelines and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the District will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (also see Policy 2225). The Superintendent is responsible for verifying that a concentration of students who are Limited English Proficient (LEP) in one or more programs is not the result of discrimination.

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and Board employees are required, and all other members of the School District community and Third Parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other District employee or official who receives such a complaint shall file it with the CO within two (2) days.

Members of the School District community, which includes students or Third Parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to one of the COs who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend the Policy 5517.01 investigation to await the CO's written report. The CO shall keep the Principal informed of the status of the Policy 2260 investigation and provide the Principal with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the School District community or a Third Party, or receive reports that are initially filed with another Board employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the Superintendent or oversee the preparation of such recommendations by a designee. All members of the School District community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO/designee must contact the Complainant, if age eighteen (18) or older, or the Complainant parents/guardians if the Complainant is under the age of eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex Education Programs or Activities, any student who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a District employee or any other adult member of the School District community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The School District's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the Complainant's wishes, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate concerns to the Respondent.
- B. Distributing a copy of Policy 2260 – Non-Discrimination and Access to Equal Educational Opportunity to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint, and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, or other District official at the student's school, the CO, Superintendent, or another District official who works at another school or at the District level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a teacher, Principal, or other District official at the student's school, Superintendent, or other District employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation. The Principal will not conduct an investigation unless directed to do so by the CO.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO/designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful discrimination/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the Superintendent must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the Superintendent shall issue a final written decision as described above.

If the Superintendent determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the Superintendent must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the Superintendent shall be final.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participate or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

The District will endeavor to assist the student and/or his/her parents in their access to District programs by providing notices to the parents and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The District shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy must retain all information, documents, electronically stored information, and electronic media (as defined in Policy 8315) created and received as part of an investigation, which may include, but not be limited to:

2260.01 - SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA") and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Education does not discriminate in admission or access to, or participation or treatment in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities and the Board will make its facilities, programs, and activities accessible to qualified individuals with disabilities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the District.

"An individual with a disability" means a person who has, has a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aids and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavior or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Michigan law to provide educational services to disabled persons; or
- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational education services, a qualified person with a disability means a person with a disability who meets the academic and technical standards requisite to admission or participation in the vocational program or activity. The Board will not deny a student with disabilities access to its vocational education programs or courses due to architectural and/or equipment barriers, or because the student needs related aids or services to receive an appropriate education.

Compliance Officers

The Board designates the following individuals to serve as the District's 504 Compliance Officers/ADA Coordinators (hereinafter referred to as the "District Compliance Officers").

Director of Student Services
3201 Roosevelt St.
Hamtramck, MI 48212
(313) 892-2037
TitleIX@hamtramckschools.org

Director of Human Resources
3201 Roosevelt St
Hamtramck, MI 48212
(313) 892-3817
TitleIX@hamtramckschools.org

The names, titles, and contact information of these individual will be published annually on the School District's web site.

Building Principals shall serve as Building Section 504/ADA Compliance Officer ("Building Compliance Officers").

The District Compliance Officer is responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section 504 and the ADA, including copies of the implementing regulations, may be obtained from the District Compliance Officer.

The District Compliance Officer will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. See below. The Board will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing. See AG 2260.01B.

Training

The District Compliance Officer will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines, and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For students with disabilities who are not eligible for specially designed instruction under the IDEIA, the special education and related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan. The quality of education services provided to students with disabilities will be equal to the quality of services provided to students without disabilities.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who resides within the District with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the District places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

The District will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities. Non-academic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interests groups or clubs sponsored by the District, referrals to agencies that provide assistance to persons with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods, and non-academic and extracurricular services and activities, including those listed above, the District will verify that persons with disabilities participate with persons without disabilities in such services and activities to the maximum extent appropriate.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the District's Compliance Officer(s) will be republished on the District's website and posted throughout the District, and included in the District's recruitment statements or general information publications.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents and students will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with a District Compliance Officer within specified time limits. The District's Compliance Officer is available to assist individuals in filing a complaint or request.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEIA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

Step 1

Investigation by the Building Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Building Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) days after disclosure of the facts giving rise to the complaint. The Building Compliance Officer shall conduct an impartial investigation of the complaint. As part of the investigation, the Building Compliance Officer shall permit the complainant to present witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) days of the written complaint being filed. The Building Compliance Officer will notify the complainant in writing of his/her decision.

Step 2

Appeal to the District Compliance Officer: If the complaint is not resolved satisfactorily at Step 1, the student or parent may appeal the Building Compliance Officer's decision in writing to the District Compliance Officer. The appeal must be made within five (5) days following receipt of the Building Compliance Officer's decision. The District Compliance Officer will review the case, may conduct an informal hearing, and will notify all parties in writing of his/her decision within ten (10) days of receiving the appeal.

Step 3

If the complaint is not resolved satisfactorily at Step 2, the student or parent may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Building and District COs must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education
Office for Civil Rights
Cleveland Office
1350 Euclid Avenue, Suite 325
Cleveland, Ohio 44115
(216) 522-4970
FAX: (216) 522-2573
TDD: (216) 522-4944
E-mail: OCR.Cleveland@ed.gov
Web: <http://www.ed.gov/ocr>

Except in extraordinary circumstances, the OCR does not review the result of individual placement and other educational decisions, so long as the District complies with the "process" requirements of Subpart D of Section 504.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Section: 2000 Program

2261 - **TITLE I SERVICES**

The Board of Education elects to augment the educational program of educationally disadvantaged students by the use of Federal funds and in accordance with Title I of the Elementary and Secondary Education Act of 1965, as amended.

The Superintendent shall prepare and present to the State Department of Education a plan for the delivery of services which meets the requirements of the law, including those described below. The plan shall be developed by appropriate staff members and parents of students who will be served by the plan. The District will periodically review and revise the plan, as necessary.

A. **Assessment**

The District shall annually assess the educational needs of eligible children, as determined by Federal and State criteria. Such assessment shall include performance measures mandated by the Department of Education as well as those determined by the District's professional staff, that will assist in the diagnosis, teaching, and learning of the participating students.

B. **Scope**

Each school shall determine whether the funds will be used to upgrade the educational program of an entire school in Title I schools that qualify as schoolwide schools and/or to establish or improve programs that provide services only for eligible students in greatest need of assistance. The schoolwide program, for an entire school and/or a Targeted Assistance School, shall include the components required by law as well as those agreed upon by participating staff and parents.

C. Participation

The Title I program shall be developed and evaluated in consultation with parents and professional staff members, including teachers, principals, other school leaders, paraprofessionals, specialized instructional support personnel, charter school leaders [in a District that has charter schools], administrators and other appropriate school personnel involved in its implementation. Appropriate training will be provided to staff members who provide Title I services. Parent participation shall be in accord with Board Policy 2261.01 and shall meet the requirements of Section 1116 of the Act.

D. Comparability of Services

Title I funds will be used only to augment, not to replace, State and local funds. The District will document its compliance with the supplement not supplant provisions by using a written methodology that ensures State and local funds are allocated to each school on the same basis, regardless of whether a school receives Title I funding. The Superintendent shall use State and local funds to provide educational services in schools receiving Title I assistance that, taken as a whole, are at least comparable to services being provided in schools that are not receiving Title I assistance. The determination of the comparability of services may exclude State and local funds expended for language instruction educational programs and the excess costs of providing services to children with disabilities as determined by the District.

The determination of comparability of services will not take into account unpredictable changes in student enrollments or personnel assignments that occur after the beginning of a school year.

In order to achieve comparability of services, the Superintendent shall assign teachers, administrators, and auxiliary personnel and provide curriculum materials and instructional supplies in such a manner as to ensure equivalence throughout the District.

E. Professional Development

Members of the professional staff may participate in the design and implementation of staff development activities that:

1. involve parents in the training, when appropriate;
2. combine and consolidate other available Federal and District funds;
3. foster cooperative training with institutions of higher learning and other educational organizations including other school districts;

The Board will reserve the requisite percent of its allocation of Federal Title I funds to carry out the above-described activities. Parents and family members of children receiving Title I services shall be involved in the decisions regarding how the reserved funds are allotted for parent involvement activities. Reserved funds shall be used to carry out activities and strategies consistent with the Board's parent and family engagement policy (Policy 2111), including at least one (1) of the following:

- A. - D. Collaborating, or providing subgrants to schools to enable such schools to collaborate, with community-based or other organizations or employers with a record of success in improving and increasing parent and family engagement.
- E. Engaging in any other activities and strategies that the Board determines are appropriate and consistent with its parent and family engagement policy.

The Superintendent must also assure that each Title I participating school develops a specific written plan, with parental involvement and agreement, which includes provisions regarding the following:

As a component of the school-level parent and family engagement policy, the principal for each school shall coordinate the development of a school-parent compact jointly with parents of children served under Title I which outlines how the school staff, the parents, and the students will share responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help students achieve the State's high standards. The compact must:
 - 1. describe the school's responsibility to provide a high-quality curriculum and instruction in a supportive, effective learning environment;

2. describe the ways in which each parent is responsible for supporting their child's learning environment such as monitoring attendance, homework, extra-curricular activities and excessive television watching; volunteering in the classroom; and participating, as appropriate, in decisions relating to the education of their children and their positive use of extra-curricular time;
 3. address the importance of parent/teacher communication on an on-going basis through at least annual parent-teacher conferences to discuss the child's achievement and the compact; frequent progress reports to the parents on their child's progress; reasonable access to the staff and to observe and participate in classroom activities and regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.

Parents of children receiving Title I services must be notified about their school's parent and family engagement policy in an understandable and uniform format, and, to the extent practicable, in a language the parents can understand. These policies must also be made available to the community.
 - H. School-level parent and family engagement policies must be updated periodically to meet the changing needs of parents and the schools.

- D. to the extent feasible and appropriate, coordination and integration of parent involvement programs and activities with other Federal, State and local programs (including public preschool programs), and conducting other activities that encourage and support parents more fully participating in the education of their children (e.g., parent resource centers);
- E. providing information related to school and parent programs, meetings, and other activities to parents of participating children in a format, and, to the extent practicable, in a language the parents can understand;
- F. providing such reasonable support for parent involvement activities as parents may request.

In order to build the School District's capacity for parent involvement, the Superintendent and building principals may also:

- A. involve parents in the development of training for teachers and administrators and other educators to improve the effectiveness of such training;
- B. provide necessary literacy training from Title I funds if the District has exhausted all other reasonably available sources of funding for such training;

2261.03 - DISTRICT AND SCHOOL REPORT CARD

Each School District that receives Title I, Part A funds must prepare and publicly disseminate a report card on the performance and operations of the District. Report cards must be concise and presented in an understandable and uniform format that is developed in consultation with parents and accessible to persons with disabilities and, to the extent practicable, in a language that parents can understand.

The report shall contain the information called for on the form issued by the Michigan Department of Education in accordance with State and Federal law. The report must include 1) an overview section and 2) a detail section.

Report cards must begin with a clearly labeled overview section that is prominently displayed. The overview section of District report cards must include information on key metrics of State, District, and school performance and progress and is intended to help parents and other stakeholders quickly access and understand such information and provide context for the complete set of data included in the report.

The overview section of the annual report card must include for the District as a whole and each school, if appropriate:

- A. student achievement data (i.e., the number and percentage of students at each level of achievement on the State mathematics, reading/language arts, and science assessments), including how achievement in the District compares to State as a whole and, for each school in the District, how that school compares to the District and the State as a whole;
- B. English language proficiency of English learners (i.e., the number and percentage of English learners achieving English language proficiency as measured by Michigan's English proficiency assessment);
- C. performance on each measure within the Academic Progress indicator used by the State for elementary schools and secondary schools that are not high schools;
- D. high school graduation rates, including the four (4) year adjusted cohort and the extended-year adjusted cohort;
- E. performance on each measure within any School Quality or Student Success indicator used by the State;
- F. school identifying information, including student membership count and Title I participation status;

- G. summative determination for each school;
- H. whether the school was identified for comprehensive support and improvement or targeted support and improvement, and the reason(s) for such identification.

2266 - NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS OR ACTIVITIES

Introduction

The Board of Education of the Hamtramck Public School District (hereinafter referred to as "the Board" or "the District") does not discriminate on the basis of sex (including sexual orientation or gender identity), in its education programs or activities, and is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The Board is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.

The Board prohibits Sexual Harassment that occurs within its education programs and activities. When the District has actual knowledge of Sexual Harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.

Pursuant to its Title IX obligations, the Board is committed to eliminating Sexual Harassment and will take appropriate action when an individual is determined responsible for violating this policy. Board employees, students, third-party vendors and contractors, guests, and other members of the School District community who commit Sexual Harassment are subject to the full range of disciplinary sanctions set forth in this policy. The Board will provide persons who have experienced Sexual Harassment ongoing remedies as reasonably necessary to restore or preserve access to the District's education programs and activities.

Coverage

This policy applies to Sexual Harassment that occurs within the District's education programs and activities and that is committed by a member of the School District community or a Third Party.

This policy does not apply to Sexual Harassment that occurs off school grounds, in a private setting, and outside the scope of the District's education programs and activities; such Sexual Misconduct/Sexual Activity may be prohibited by the Student Code of Conduct if committed by a student, or by Board policies and administrative guidelines, applicable State and/or Federal laws if committed by a Board employee.

Consistent with the U.S. Department of Education's implementing regulations for Title IX, this policy does not apply to Sexual Harassment that occurs outside the geographic boundaries of the United States, even if the Sexual Harassment occurs in the District's education programs or activities. Sexual Harassment that occurs outside the geographic boundaries of the United States is governed by the Student Code of Conduct if committed by a student, or by Board policies and administrative guidelines, applicable State and/or Federal laws if committed by a Board employee.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Sexual Harassment: "Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:

- A. A Board employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct (often called "*quid pro quo*" harassment);
- B. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, **and** objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
- C. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)A(v), or "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

"Sexual assault" means any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent, and the "nonforcible" sex offenses of Incest and Statutory Rape. Sexual assault includes rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape.

- 1. *Rape* is penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. Attempted rape is included.
- 2. *Sodomy* is oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- 3. *Sexual Assault with an Object* is using an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything used by the offender other than the offender's genitalia.
- 4. *Fondling* is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
- 5. *Incest* is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by State law.
- 6. *Statutory Rape* is sexual intercourse with a person who is under the statutory age of consent as defined by State law.

7. *Consent* refers to words or actions that a reasonable person would understand as agreement to engage in the sexual conduct at issue. A person may be incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. A person who is incapacitated is not capable of giving consent.
8. *Incapacitated* refers to the state where a person does not understand and/or appreciate the nature or fact of sexual activity due to the effect of drugs or alcohol consumption, medical condition, disability, or due to a state of unconsciousness or sleep.

D. "Domestic violence" includes felony or misdemeanor crimes of violence committed by:

1. a current or former spouse or intimate partner of the victim;
2. a person with whom the victim shares a child in common;
3. a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
4. a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime occurred; or
5. any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime occurred.

E. "Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

F. "Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to – (1) fear for the person's safety or the safety of others; or (2) suffer substantial emotional distress.

Complainant: "Complainant" means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.

Respondent: "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.

Formal Complaint: "Formal Complaint" means a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that the District investigate the allegation(s) of Sexual Harassment. At the time of filing a Formal Complaint with the District, a Complainant must be participating in or attempting to participate in the District's education program or activity. A "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal that the Board provides for this purpose) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or a party to the Formal Complaint and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Actual Knowledge: "Actual knowledge" means notice of Sexual Harassment or allegations of Sexual Harassment to the District's Title IX Coordinator, or any District official who has authority to institute corrective measures on behalf of the Board, or any Board employee. The mere ability or obligation to report Sexual Harassment or to inform a student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the District. "Notice" includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator. This standard is not met when the only District official with actual knowledge is the Respondent.

Supportive Measures: "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter Sexual Harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, school/campus escort services, mutual restrictions of contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus (including school buildings and facilities), referral to Employee Assistance Program, and other similar measures.

Education Program or Activity: "Education program or activity" refers to all operations of the District, including but not limited to in-person and online educational instruction, employment, extracurricular activities, athletics, performances, and community engagement and outreach programs. The term applies to all activity that occurs on school grounds or on other property owned or occupied by the Board. It also includes locations, events and circumstances that take place off-school property/grounds over which the Board exercises substantial control over both the Respondent and the context in which the Sexual Harassment occurs.

School District community: "School District community" refers to students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: "Third Parties" include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Inculpatory Evidence: "Inculpatory evidence" is evidence that tends to establish a Respondent's responsibility for alleged Sexual Harassment.

Exculpatory Evidence: "Exculpatory evidence" is evidence that tends to clear or excuse a Respondent from allegations of Sexual Harassment.

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays),

Eligible Student: "Eligible Student" means a student who has reached eighteen (18) years of age or is attending an institution of postsecondary education.

Title IX Coordinator(s)

The Board of Education designates and authorizes the following individual(s) to oversee and coordinate its efforts to comply with Title IX and its implementing regulations:

The Superintendent shall notify applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Board employees, and all unions or professional organizations holding collective bargaining or professional agreements with the Board of the following information:

The Board of Education of the Hamtramck Public School District does not discriminate on the basis of sex in its education program or activity, and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The District's Title IX Coordinator(s) is/are:

Director of Student Services
3201 Roosevelt St.
Hamtramck, MI 48212
(313) 892-2037
TitleIX@hamtramckschools.org

Director of Human Resources

TitleIX@hamtramckschools.org

Any inquiries about the application of Title IX and its implementing regulations to the District may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process is included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which is available on the District's website. The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the District will respond.

The Superintendent shall also prominently display the Title IX Coordinator's(s') contact information – including name(s) and/or title(s), phone number(s), office address(es), and e-mail address(es) – and this policy on the District's website and in each handbook or catalog that the Board makes available to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Board employees, and all unions or professional organizations holding collective bargaining or professional agreements.

Grievance Process

The Board is committed to promptly and equitably resolving student and employee complaints alleging Sexual Harassment. The District's response to allegations of Sexual Harassment will treat Complainants and Respondents equitably, including providing supportive measures to the Complainant and Respondent, as appropriate, and following this Grievance Process before imposition of any disciplinary sanctions or other actions, other than supportive measures, against the Respondent.

The Title IX Coordinator(s), along with any investigator(s), decision-maker(s), or any person(s) designated to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

If a determination of responsibility for Sexual Harassment is made against the Respondent, the Board will provide remedies to the Complainant. The remedies will be designed to restore or preserve equal access to the District's education program or activity. Potential remedies include, but are not limited to, individualized services that constitute supportive measures. Remedies may also be disciplinary or punitive in nature and may burden the Respondent.

Report of Sexual Discrimination/Harassment

Any person may report sex discrimination, including Sexual Harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or Sexual Harassment), in person, by mail, by telephone, or by electronic mail, using the Title IX Coordinator's(s') contact information listed above, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Reports may be made at any time (including during non-business hours), by using the telephone number(s) or electronic mail address(es), or by mail to the office address(es), listed for the Title IX Coordinator(s). Anonymous reports may be submitted using OK@Say or call 1-855-565-2729.

Board employees are required, and students, Board Members and other members of the School District community, and Third Parties) are encouraged, to report allegations of sex discrimination or Sexual Harassment promptly to the/a Title IX Coordinator or to any Board employee, who will in turn notify the/a Title IX Coordinator. Reports can be made orally or in writing and should be as specific as possible. The person making the report should, to the extent known, identify the alleged victim(s), perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s).

If a report involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the person making the report should submit it to the Superintendent, or another Board employee who, in turn, will notify the Superintendent of the report. The Superintendent will then serve in place of the Title IX Coordinator for purposes of addressing that report of Sexual Harassment.

The Board does business with various vendors, contractors, and other third-parties who are not students or employees of the Board. Notwithstanding any rights that a given vendor, contractor, or third-party Respondent may have under this policy, the Board retains the right to limit any vendor's, contractor's, or third-party's access to school grounds for any reason. The Board further retains all rights it enjoys by contract or law to terminate its relationship with any vendor, contractor, or third-party irrespective of any process or outcome under this policy.

A person may file criminal charges simultaneously with filing a Formal Complaint. A person does not need to wait until the Title IX investigation is completed before filing a criminal complaint. Likewise, questions or complaints relating to Title IX may be filed with the U.S. Department of Education's Office for Civil Rights at any time.

Any allegations of Sexual Misconduct/Sexual Activity not involving Sexual Harassment will be addressed through the procedures outlined in Board policies the applicable Student Code of Conduct, applicable collective bargaining agreement, and/or Employee/Administrator Handbook.

Because the Board is considered to have actual knowledge of Sexual Harassment or allegations of Sexual Harassment if any Board employee has such knowledge, and because the Board must take specific actions when it has notice of Sexual Harassment or allegations of Sexual Harassment, a Board employee who has independent knowledge of or receives a report involving allegations of sex discrimination and/or Sexual Harassment must notify the/a Title IX Coordinator within two (2) days of learning the information or receiving the report. The Board employee must also comply with mandatory reporting responsibilities pursuant to M.C.L. 722.623 and Policy 8462 – Student Abuse and Neglect, if applicable. If the Board employee's knowledge is based on another individual bringing the information to the Board employee's attention and the reporting individual submitted a written complaint to the Board employee, the Board employee must provide the written complaint to the Title IX Coordinator.

If a Board employee fails to report an incident of Sexual Harassment of which the Board employee is aware, the Board employee may be subject to disciplinary action, up to and including termination.

When a report of Sexual Harassment is made, the Title IX Coordinator shall promptly (i.e., within two (2) days of the Title IX Coordinator's receipt of the report of Sexual Harassment) contact the Complainant (including the parent/guardian if the Complainant is under 18 years of age or under guardianship) to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Any supportive measures provided to the Complainant or Respondent shall be maintained as confidential, to the extent that maintaining such confidentiality will not impair the ability of the District to provide the supportive measures.

Emergency Removal: Subject to limitations and/or procedures imposed by State and/or Federal law, the District may remove a student Respondent from its education program or activity on an emergency basis after conducting an individualized safety and risk analysis. The purposes of the individualized safety and risk analysis is to determine whether the student Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment that justifies removal. If the District determines the student Respondent poses such a threat, it will so notify the student Respondent and the student Respondent will have an opportunity to challenge the decision immediately following the removal. See Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students and Policy 5611 – Due Process Rights.

If the Respondent is a non-student employee, the District may place the Respondent on administrative leave during the pendency of the grievance process.

For all other Respondents, including other members of the School District community and Third Parties, the Board retains broad discretion to prohibit such persons from entering onto its school grounds and other properties at any time and for any reason, whether after receiving a report of Sexual Harassment or otherwise.

Formal Complaint of Sexual Harassment

A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth above. If a Formal Complaint involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the Complainant should submit the Formal Complaint to the Superintendent, who will designate another person to serve in place of the Title IX Coordinator for the limited purpose of implementing the grievance process with respect to that Formal Complaint.

When the Title IX Coordinator receives a Formal Complaint or signs a Formal Complaint, the District will follow its Grievance Process, as set forth herein. Specifically, the District will undertake an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

It is a violation of this policy for a Complainant(s), Respondent(s), and/or witness(es) to knowingly making false statements or knowingly submitting false information during the grievance process, including intentionally making a false report of Sexual Harassment or submitting a false Formal Complaint. The Board will not tolerate such conduct, which is a violation of the Student Code of Conduct.

The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Timeline

The District will seek to conclude the grievance process, including resolving any appeals, within sixty (60) days of receipt of the Formal Complaint.

If the Title IX Coordinator offers informal resolution processes, the informal resolution processes may not be used by the Complainant or Respondent to unduly delay the investigation and determination of responsibility. The timeline, however, may be subject to a temporary delay of the grievance process or a limited extension for good cause with written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; and the need for language assistance or accommodation of disabilities.

Upon receipt of a Formal Complaint, the Title IX Coordinator will provide written notice of the following to the parties who are known:

- A. Notice of the Board's grievance process, including any informal resolution processes;
- B. Notice of the allegations of misconduct that potentially constitutes Sexual Harassment as defined in this policy, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident, if known. The written notice must:
 - 1. include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;

2. inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.
3. inform the parties of any provision in the Student Code of Conduct, that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of the investigation, the investigator becomes aware of allegations about the Complainant or Respondent that are not included in the original notice provided to the parties, the investigator will notify the Title IX Coordinator and the Title IX Coordinator will decide whether the investigator should investigate the additional allegations; if the Title IX Coordinator decides to include the new allegations as part of the investigation, the Title IX Coordinator will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint

The District shall investigate the allegations in a Formal Complaint, *unless* the conduct alleged in the Formal Complaint:

- A. would not constitute Sexual Harassment (as defined in this policy) even if proved;
- B. did not occur in the District's education program or activity; or
- C. did not occur against a person in the United States.

If one of the preceding circumstances exist, the Title IX Coordinator *shall* dismiss the Formal Complaint. If the Title IX Coordinator dismisses the Formal Complaint due to one of the preceding reasons, the District may still investigate and take action with respect to such alleged misconduct pursuant to another provision of an applicable code of conduct, Board policy, and/or Employee/Administrator Handbook.

The Title IX Coordinator *may* dismiss a Formal Complaint, or any allegations therein, if at any time during the investigation:

- A. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;
- B. the Respondent is no longer enrolled in the District or employed by the Board; or
- C. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

If the Title IX Coordinator dismisses a Formal Complaint or allegations therein, the Title IX Coordinator must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints

The Title IX Coordinator may consolidate Formal Complaints as to allegations of Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Sexual Harassment arise out of the same facts or circumstances.

Where a grievance process involves more than one Complainant or more than one Respondent, references in this policy to the singular "party," "Complainant," or "Respondent" include the plural, as applicable.

Informal Resolution Process

Under no circumstances shall a Complainant be required as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, to waive any right to an investigation and adjudication of a Formal Complaint of Sexual Harassment. Similarly, no party shall be required to participate in an informal resolution process.

If a Formal Complaint is filed, the Title IX Coordinator may offer to the parties an informal resolution process. If the parties mutually agree to participate in the informal resolution process, the Title IX Coordinator shall designate a trained individual to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. The informal resolution process may be used at any time prior to the decision-maker(s) reaching a determination regarding responsibility.

If the Title IX Coordinator is going to propose an informal resolution process, the Title IX Coordinator shall provide to the parties a written notice disclosing:

- A. the allegations;
- B. the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations; and
- C. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint.

Before commencing the informal resolution process, the Title IX Coordinator shall obtain from the parties their voluntary, written consent to the informal resolution process.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur have stayed and all related deadlines are suspended.

The informal resolution process is not available to resolve allegations that a Board employee or another adult member of the School District community or Third Party sexually harassed a student.

The informal resolution process is not available to resolve allegations involving a sexual assault involving a student Complainant and a student Respondent.

Investigation of a Formal Complaint of Sexual Harassment

In conducting the investigation of a Formal Complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility is on the District, not the parties.

In making the determination of responsibility, the decision-maker(s) is(are) directed to use the preponderance of the evidence standard. The decision-maker(s) is charged with considering the totality of all available evidence, from all relevant sources.

The District is not permitted to access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party provides the District with voluntary, written consent to do so; if a student party is not an Eligible Student, the District must obtain the voluntary, written consent of a parent.

Similarly, the investigator(s) and decision-maker(s) may not require, allow, rely upon or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege in writing.

As part of the investigation, the parties have the right to:

- A. present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; and
- B. have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The District may not limit the choice or presence of an advisor for either the Complainant or Respondent in any meeting or grievance proceeding.

Neither party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence.

The District will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, with sufficient time for the party to prepare to participate. The investigator(s) and decision-maker(s) must provide a minimum of three (3) days' notice with respect to investigative interviews and other meetings.

Both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the District does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.

At the conclusion of the investigation, the investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party's advisor, if any, for their review and written response. The investigator will send the investigative report in an electronic format or a hard copy, at least ten (10) calendar days prior to the decision-maker(s) issuing a determination regarding responsibility.

Determination of Responsibility

The Title IX Coordinator shall appoint a decision-maker(s) to issue a determination of responsibility. The decision-maker(s) cannot be the same person(s) as the Title IX Coordinator(s) or the investigator(s).

After the investigator sends the investigative report to the parties and the decision-maker(s), and before the decision-maker(s) reaches a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determination regarding responsibility: The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) must apply the preponderance of the evidence standard.

The written determination will include the following content:

- A. identification of the allegations potentially constituting Sexual Harassment pursuant to this policy;
- B. a description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, [and] methods used to gather other evidence;
- C. findings of fact supporting the determination;
- D. Conclusions regarding the application of the applicable code of conduct to the facts;
- E. a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the decision-maker(s) is recommending that the District impose on the Respondent(s), and whether remedies designed to restore or preserve equal access to the District's education program or activity should be provided by the District to the Complainant(s); and
- F. the procedures and permissible bases for the Complainant(s) and Respondent(s) to appeal.

The following disciplinary sanctions/consequences may be imposed on a student Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. Informal Discipline
 - 1. writing assignments;
 - 2. changing of seating or location;
 - 3. pre-school, lunchtime, after-school detention;
 - 4. in-school discipline;
 - 5. Saturday school;

B. Formal Discipline

1. suspension of bus riding/transportation privileges;
2. removal from co-curricular and/or extra-curricular activity(ies), including athletics;
3. emergency removal;
4. suspension for up to ten (10) school days;
5. long-term suspension or expulsion;
6. any other sanction authorized by the Student Code of Conduct.

If the decision-maker(s) determines the student Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Superintendent of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with Policy 5600 – Student Discipline, Policy 5605 – Suspension/Expulsion of Students with Disabilities, Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students, Policy 5610.02 – In-School Discipline, and Policy 5611 – Due Process Rights. Discipline of a student Respondent must comply with the applicable provisions of the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

The following disciplinary sanctions/consequences may be imposed on an employee Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. oral or written warning;
- B. written reprimands;
- C. performance improvement plan;
- D. required counseling;
- E. required training or education;
- F. demotion;
- G. suspension with pay;
- H. suspension without pay;
- I. termination, and any other sanction authorized by any applicable Employee/Administrator Handbook and/or collective bargaining agreement.

If the decision-maker(s) determines the employee Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Superintendent of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with applicable due process procedures, whether statutory or contractual.

Discipline of an employee will be implemented in accordance with Federal and State law, Board policy, and applicable provisions of any relevant collective bargaining agreement.

The following disciplinary sanctions/consequences may be imposed on a non-student/non-employee member of the School District community or Third Party who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. oral or written warning;
- B. suspension or termination/cancellation of the Board's contract with the third-party vendor or contractor;
- C. mandatory monitoring of the third-party while on school property and/or while working/interacting with students;
- D. restriction/prohibition on the third-party's ability to be on school property; and
- E. any combination of the same.

If the decision-maker(s) determines the third-party Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including imposition of sanctions. The Title IX Coordinator will notify the Superintendent of the recommended remedies, so appropriate action can be taken.

The decision-maker(s) will provide the written determination to the Title IX Coordinator who will provide the written determination to the parties simultaneously.

In ultimately, imposing a disciplinary sanction/consequence, the Superintendent will consider the severity of the incident, previous disciplinary violations (if any), and any mitigating circumstances.

The District's resolution of a Formal Complaint ordinarily will not be impacted by the fact that criminal charges involving the same incident have been filed or that charges have been dismissed or reduced.

At any point in the grievance process, the Superintendent may involve local law enforcement and/or file criminal charges related to allegations of Sexual Harassment that involve a sexual assault.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeal

Both parties have the right to file an appeal from a determination regarding responsibility, or from the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, on the following bases:

- A. Procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures);
- B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- C. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant(s) or Respondent(s) that affected the outcome of the matter.

The Complainant(s) may not challenge the ultimate disciplinary sanction/consequence that is imposed.

Any party wishing to appeal the decision-maker(s)'s determination of responsibility, or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within five (5) days after receipt of the decision-maker(s)'s determination of responsibility or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein.

Nothing herein shall prevent the Superintendent from implementing appropriate remedies, however, excluding disciplinary sanction, while the appeal is pending.

As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

The decision-maker(s) for the appeal shall not be the same person(s) as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator(s). The decision-maker(s) for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant(s) or Respondent(s) and shall receive the same training as required of other decision-makers.

Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The decision-maker(s) for the appeal shall determine when each party's written statement is due.

The parties' written statements in support of, or challenging, the determination of responsibility must be submitted within five (5) days after the Title IX Coordinator provides notice to the non-appealing party of the appeal.

The decision-maker(s) for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original decision-maker(s)' determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error and/or a compelling rationale for overturning or modifying the original determination.

The determination of responsibility associated with a Formal Complaint, including any recommendations for remedies/disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is filed, at the point when the decision-maker(s) for the appeal's decision is delivered to the Complainant and the Respondent. No further review beyond the appeal is permitted.

Retaliation

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of Sexual Harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of Sexual Harassment, filing a Formal Complaint, or participating in an investigation, is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Complaints alleging retaliation may be filed according to the grievance process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

The District will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a Formal Complaint of Sexual Harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the District's obligation to maintain confidentiality shall not impair or otherwise affect the Complainant's and Respondent's receipt of the information to which they are entitled related to the investigative record and determination of responsibility).

Application of the First Amendment

The Board will construe and apply this policy consistent with the First Amendment to the U.S. Constitution. In no case will a Respondent be found to have committed Sexual Harassment based on expressive conduct that is protected by the First Amendment.

Training

The District's Title IX Coordinator, along with any investigator(s), decision-maker(s), or person(s) designated to facilitate an informal resolution process, must receive training on:

- A. the definition of Sexual Harassment (as that term is used in this policy);
- B. the scope of the District's education program or activity;
- C. how to conduct an investigation and implement the grievance process, appeals and informal resolution processes, as applicable; and
- D. how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interests, and bias.

All Board employees will be trained concerning their legal obligation to report Sexual Harassment to the Title IX Coordinator. This training will include practical information about how to identify and report Sexual Harassment.

Recordkeeping

As part of its response to alleged violations of this policy, the District shall create, and maintain for a period of seven (7) calendar years, records of any actions, including any supportive measures, taken in response to a report or Formal Complaint of Sexual Harassment. In each instance, the District shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If the District does not provide a Complainant with supportive measures, then the District will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

The District shall maintain for a period of seven (7) calendar years the following records:

- A. each Sexual Harassment investigation including any determination regarding responsibility, any disciplinary sanctions recommended and/or imposed on the Respondent(s), and any remedies provided to the Complainant(s) designed to restore or preserve equal access to the District's education program or activity
- B. any appeal and the result therefrom
- C. any informal resolution and the result therefrom, and
- D. all materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.

The District will make its training materials publicly available on its website.

Outside Appointments, Dual Appointments, and Delegations

The Board retains discretion to appoint suitably qualified persons who are not Board employees to fulfill any function of the Board under this policy, including, but not limited to, Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Board also retains discretion to appoint two or more persons to jointly fulfill the role of Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Superintendent may delegate functions assigned to a specific Board employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor, to any suitably qualified individual and such delegation may be rescinded by the Superintendent at any time.

Discretion in Application

The Board retains discretion to interpret and apply this policy in a manner that is not clearly unreasonable, even if the Board's interpretation or application differs from the interpretation of any specific Complainant and/or Respondent.

Despite the Board's reasonable efforts to anticipate all eventualities in drafting this policy, it is possible unanticipated or extraordinary circumstances may not be specifically or reasonably addressed by the express policy language, in which case the Board retains discretion to respond to the unanticipated or extraordinary circumstance in a way that is not clearly unreasonable.

The provisions of this policy are not contractual in nature, whether in their own right, or as part of any other express or implied contract. Accordingly, the Board retains discretion to revise this policy at any time, and for any reason. The Board may apply policy revisions to an active case provided that doing so is not clearly unreasonable.

2270 - RELIGION IN THE CURRICULUM

Based on the First Amendment protection against the establishment of religion in the schools, no Board of Education employee will promote religion in the classroom or in the District's curriculum, or compel or pressure any student to participate in devotional exercises. Displays of a religious character must conform with Policy 8800 and AG 8800A, AG 8800B, AG 8800C, and AG 8800D. Instructional activities shall not be permitted to advance or inhibit any particular religion or religion generally.

An understanding of religions and their effects on civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, curriculum may include as appropriate to the various ages and attainments of the students, instruction about the religions of the world.

The Board acknowledges the degree to which a religious consciousness has permeated the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the District's schools frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may be religious in nature shall not, by itself, bar their use by the District. The Board directs that professional staff members employing such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that on occasion there may be classes or portions of classes which conflict with the religious beliefs of certain individuals and the religious organizations to which they belong. It shall therefore be the policy of the Board to excuse a student from participation in such classes or portions of classes if in the judgment of the Superintendent such objections are legitimate. The Superintendent's decision may be appealed to the Board.

Such objections should be legitimate based upon the basic beliefs as set forth by the religious organization to which the individual or his/her parent or guardian belongs and should be verified in writing by an official of the organization.

Only rarely shall the objection of an individual be considered when such objections are not verified by his/her religious affiliation. In such instances, a rationale must be presented which would justify excusing the student from a particular activity. In making the decision in marginal situations the Superintendent shall give consideration to what would be of greatest benefit to the student.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the education of the District's students, not for its conformity to religious principles. Students should receive unbiased instruction in the schools, so they may privately accept or reject the knowledge thus gained, in accordance with their own religious tenets.

Accordingly, no student shall be exempted from attendance in a required course of study on the grounds that the instruction therein interferes with the free exercise of his/her religion. However, if after careful, personal review of the program's lessons and/or materials, a parent indicates to the school that either the content or activities conflict with his/her religious beliefs or value system, the school will honor a written request for his/her child to be excused from particular class periods for specified reasons. The student will be provided with alternate learning activities during the times of such parent requested absence.

No classroom teacher shall be prohibited from providing reasonable periods of time for activities of a moral, philosophical, or patriotic theme. No student shall be required to participate in such activities if they are contrary to the religious convictions of the student or his/her parents or guardians.

The Board acknowledges that it may not adopt any policy or rule respecting or promoting an establishment of religion or prohibiting any student from the free, individual, and voluntary exercise or expression of the student's religious beliefs. However, such exercise or expression may be limited to lunch periods or other noninstructional time periods when students are free to associate.

2271 - POSTSECONDARY (DUAL) ENROLLMENT OPTION PROGRAM

The Board of Education recognizes the value to students and to the District for students to participate in courses offered by accredited and degree-granting colleges and universities. Eligible postsecondary institutions shall include state universities, community colleges, and independent nonprofit degree-granting colleges or universities located in Michigan and that choose to comply with the Postsecondary Enrollment Options Act and out-of-state colleges satisfying the requirements of MCL 388.513 that choose to comply with the Postsecondary Enrollment Options Act.

The Board will allow eligible high school students who meet the criteria established in the Superintendent's guidelines to enroll in eligible postsecondary courses while in attendance in the District. The Superintendent shall allow a student, upon written request of his/her parent to take approved readiness assessment(s) in order to establish eligibility for postsecondary enrollment. Any tests are to be administered free of charge in accordance with the District's testing schedule. Students will be eligible to receive appropriate credit for completing any of these courses providing they meet all requirements for the type of credit they wish to earn.

The Superintendent shall establish the necessary administrative guidelines to ensure that such courses are in accord with State law and are properly communicated to both the students and their parents. The Superintendent shall also establish guidelines and procedures for the awarding of credit and the proper entry on a student's transcript and other records of his/her participation in a postsecondary program.

Upon receipt of a bill from the postsecondary institution itemizing the charges for a student's participation in a particular course, the District shall either pay the bill or the prorated percentage of the State portion of the foundation allowance for that student, whichever is lower. If charges exceed such payment, the District shall make an additional payment to the institution from the General Fund, if funds are available, and if the student is receiving high school credit for the course.

Such an additional payment may include charges for tuition, mandatory course fees, and any late fees caused by the District's failure to make the required payment on time. The student and his/her parents will be responsible for the student's transportation costs, parking fees, or any activity fees. The student and his/her parents are responsible for the remaining charges.

If a student participating in the postsecondary (dual) enrollment program fails to successfully complete an eligible course, the student and his/her parents are responsible for reimbursing the District for such charges incurred by the District for such enrollment. In the event reimbursement is not made in a reasonable period of time, the Superintendent is authorized to file claim against the student and/or his/her parents in Small Claims Court for collection.

The Superintendent is to submit annually to the Intermediate School District the following information:

- A. the amount of money paid to postsecondary institutions for this program
- B. the number of students in the high school and the number who participated in at least one (1) postsecondary program and received payment for all or part of the eligible charges under this program both in the aggregate and by grade level
- C. the percentage of the District's enrollment represented by eligible students both in the aggregate and by grade level
- D. the total number of postsecondary courses for which the District made payment, the number of courses for which postsecondary credit was granted, the number of courses for which high school credit was granted, and the number of courses that were not completed by eligible students

2330 - **HOMEWORK**

The Board of Education acknowledges the educational validity of out-of-school assignments as adjuncts to and extensions of the instructional program of the schools.

"Homework" shall refer to those assignments to be prepared outside of the school by the student.

The Superintendent shall develop administrative guidelines for the assignment of homework according to these guidelines:

- A. Homework should be a properly planned part of the curriculum to extend and reinforce the learning experience of the school.
- B. Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, and integration of knowledge, and an opportunity to remediate learning problems.
- C. Homework should help develop the student's sense of responsibility by providing an opportunity for the exercise of independent work and judgment.
- D. The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities which make a legitimate claim on the student's time.
- E. As a valid educational tool, homework should be assigned with clear direction and its product carefully evaluated.
- F. The schools should recognize the role of parents by suggesting ways in which parents can assist the school in helping a student carry out assigned responsibilities.
- G. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.

Though long term reports may be assigned and may be worked on during vacation periods and/or weekends at the option of the student, extensive homework assignments or reports should not be given immediately before such a period to be due at the completion of such periods.

Policy:po2340
Section: 2000 Program

2340 - **FIELD AND OTHER DISTRICT-SPONSORED TRIPS**

The Board of Education recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Properly planned and executed field trips should:

- A. supplement and enrich classroom procedures by providing learning experiences in an environment outside the schools;
- B. arouse new interests among students;
- C. help students relate school experiences to the reality of the world outside of school;
- D. bring the resources of the community - natural, cultural, artistic, industrial, commercial, governmental, educational - within the student's learning experience;
- E. afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from District premises, which is under the supervision of a professional staff member, or other adult person as approved by the principal or director and an integral part of a course of study.

Other District-sponsored trips shall be defined as any planned, student—travel activity which is approved as part of the District's total educational program.

The Board of Education shall approve those field trips and other District-sponsored trips which are planned to keep students out of the District overnight or longer or out of the State.

The Superintendent shall approve all other such trips.

The Board shall assume the costs of field trips; no regularly enrolled student shall be charged a fee for participation in field trips. Students may be charged fees, however, for other District-sponsored trips which are not part of a course of study.

Students may be charged fees for District-sponsored trips, but no student shall be denied participation for financial inability, nor shall nonparticipation be penalized academically.

Students on all District-sponsored trips remain under the supervision of this Board and are subject to the District's administrative guidelines.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent of the District who takes students on trips not approved by the Board or Superintendent. No staff member may solicit students of this District for such trips within the facilities or on the school grounds of the District without permission from the Superintendent. Permission to solicit neither grants nor implies approval of the trip. Such approval must be obtained in accordance with the District's Administrative Guidelines for Extended Trips.

The Superintendent shall prepare administrative guidelines for the operation of both field and other District-sponsored trips, including athletic trips, which shall ensure that:

- A. the safety and well-being of students is protected at all times;
- B. parental permission is sought and obtained before any student leaves the District on a trip;

2370.01 - ON-LINE/BLENDED LEARNING PROGRAM

The District shall provide eligible students the option of participating in on-line or blended learning courses. The purpose of the program is to make instruction available to eligible students using on-line and distance education technology in both traditional and nontraditional classroom settings. The District must make all eligible students and their parents or guardians aware of this program.

A. Definitions

1. **On-Line Learning** - Means a course of study that is capable of generating a credit or a grade, that is provided in an interactive internet-connected learning environment, in which students and their teachers are separated by time or location, or both, and in which the teacher is responsible for determining appropriate instructional methods for each student, diagnosing learning needs, assessing student learning, prescribing intervention strategies, reporting outcomes, and evaluating the effects of instruction and support strategies.
2. **Blended Learning** - A hybrid instructional delivery model where students are provided content, instruction, and assessment in part at the classroom, with a teacher, and in part through internet-connected learning environments with some degree of student control over time, location, and pace of instruction.

B. Program Eligibility

The District shall offer a program for students in Grades 6-12.

The District may offer a full time or part time program for grade 9-12 students enrolled in dropout prevention, academic intervention, core courses to meet graduation requirements, or dual enrollment programs.

C. Student Eligibility

1. Students eligible for the District on-line/blended learning program must meet at least one of the following conditions:
 - a. The student has spent the prior school year in attendance at a public school in this State and was enrolled and reported by a public school district.
 - b. The student is a dependent child of a member of the United States Armed Forces who was transferred within the last twelve (12) months to Michigan from another state or foreign country pursuant to the parent's permanent change of station orders.
2. Only students enrolled in grades 6 to 12 are eligible to enroll in an On-Line Learning course. Students in grades K-5 are only eligible to participate in Blended Learning Courses.

D. Course Availability and Access

1. The District shall provide access to enroll and participate in the available courses and shall award credit, as may be appropriate, for successful completion. Access shall be available to eligible students during or after the school day and during summer school enrollment. The District will provide On-line Learning, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-D.
2. The District shall enroll an eligible student in up to two (2) on-line courses as requested by the student during an academic term, semester, or trimester. Consent from the student's parent or legal guardian must be obtained for students under the age of eighteen (18).
3. The District will provide two (2) or fewer courses per semester in Grades K-5 and one (1) or more courses per semester in Grades 6-12. If students are taking more than two (2) courses per semester, the guidance found in the Pupil Accounting Manual 5-O-B shall be followed and seat time waivers obtained.
4. An eligible student may enroll in an on-line course published in the District on-line course syllabus, as described in section 8 below, or the statewide catalog of on-line courses maintained by the Michigan virtual university.
5. The District may deny a student enrollment in an on-line course if any of the following apply, as determined by the District:
 - a. The student has previously gained the credits provided from the completion of the on-line course.
 - b. The on-line course is not capable of generating academic credit.
 - c. The on-line course is inconsistent with the remaining graduation requirements or career interests of the student.
 - d. The student does not possess the prerequisite knowledge and skills to be successful in the on-line course or has demonstrated failure in previous on-line coursework in the same subject.
 - e. The on-line course is of insufficient quality or rigor. If the District denies a student enrollment for this reason, the District shall make a reasonable effort to assist the student to find an alternative course in the same or a similar subject that is of acceptable rigor and quality.
 - f. If a student is denied enrollment in an on-line course by the District, the student may appeal the denial by submitting a letter to the Principal. The appeal must include the reason provided by the District for not enrolling the student and the reason why the student is claiming that the enrollment should be approved.

The Principal shall respond to the appeal within five (5) days after it is received. If the Principal determines that the denial of enrollment does not meet one (1) or more of the reasons specified in subsection 4(E)i.-vi., the District shall allow the student to enroll in the on-line course.
6. An on-line learning student shall have the same rights and access to technology in his/her District's school facilities as all other students enrolled in that District.

7. If a student successfully completes an on-line course, as determined by the District, the District shall grant appropriate academic credit for completion of the course and shall count that credit toward completion of graduation and subject area requirements. A student's school record and transcript shall identify the on-line course title as it appears in the on-line course syllabus.
8. The enrollment of a student in one (1) or more on-line courses shall not result in a student being counted as more than 1.0 full-time equivalent student under this act.

E. Nonresident Applicants

1. The District shall determine whether or not it has capacity to accept applications for enrollment from nonresident applicants in on-line courses and may use that limit as the reason for refusal to enroll an applicant.
2. If the number of nonresident applicants eligible for acceptance in an on-line course does not exceed the capacity of the District to provide the on-line course, the District shall accept for enrollment all of the nonresident applicants eligible for acceptance.
3. If the number of nonresident applicants exceeds the District's capacity to provide the on-line course, the District shall use a random draw system.

No student shall be required as a part of the school program or the District's curriculum, without prior written consent of the student, (if an adult or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;

- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally-recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

The Superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

To insure the right of parents, the Board directs building and program administrators to:

- A. Notify parents in writing of any surveys, analyses, or evaluations, which may reveal any of the information, as identified in A-H above, in a timely manner, and which allows interested parties to request an opportunity to inspect the survey, analysis, or evaluation; and the administrator to arrange for inspection prior to initiating the activity with students.
- B. Allow the parent the option of excluding their student from the activity.
- C. Report collected data in a summarized fashion which does not permit one to make a connection between the data and individual students or small groups of students.
- D. Treat information as identified in A-H above as any other confidential information in accordance with Policy 8350.

Additionally, parents have the right to inspect, upon request, any instructional material used as part of the educational curriculum of the student. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal. The term instructional material means instructional content that is provided to a student, regardless of its format, including printed and representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or assessments.

The Board will not allow the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

The Superintendent is directed to provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the Superintendent is directed to notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose); and
- B. The administration of any survey by a third party that contains one or more of the items described in A through H above.

For purposes of this policy, the term "parent" includes a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child).

2418 - SEX EDUCATION

In accordance with the Michigan statute, the Board of Education authorizes instruction in sex education. Such instruction may include family planning, human sexuality, and the emotional, physical, psychological, hygienic, economic, and social aspects of family life. Instruction may also include the subjects of reproductive health and the recognition, prevention, and treatment of sexually transmitted diseases.

The instruction described in this policy shall stress that abstinence from sex is a responsible and effective method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease and is a positive lifestyle for unmarried young people.

Such instruction shall be elective and not a requirement for graduation.

A student shall not be enrolled in a class in which the subjects of family planning or reproductive health are discussed unless the student's parent or guardian is notified in advance of the course and the content of the course, is given a prior opportunity to review the materials to be used in the course and is notified in advance of his or her right to have the student excused from the class. The Michigan Board of Education shall determine the form and content of the notice required in this policy.

Upon the written request of a student or the student's parent or legal guardian, the student shall be excused, without penalty or loss of academic credit, from attending a class described in this policy. If a parent or guardian submits a continuing written notice, the student will not be enrolled in a class described in this policy unless the parent or guardian submits a written authorization for that enrollment.

The District shall provide instruction by teachers qualified to teach health education. The Board shall establish a sex education advisory board and shall determine terms of service for the sex education advisory board, the number of members to serve on the advisory board, and a membership selection process that reasonably reflects the District's population. The Board shall appoint two (2) co-chairs for the advisory board, at least one (1) of whom is a parent of a child attending a District school. At least (one-half) 1/2 of the members of the sex education advisory board shall be parents who have a child attending a District school, and a majority of these parent members shall be individuals who are not employed by a District. The sex education advisory board shall include students of the District, educators, local clergy, and community health professionals. Written or electronic notice of a sex education advisory board meeting shall be sent to each member at least two (2) weeks before the date of the meeting.

The sex education advisory board shall:

- A. Establish program goals and objectives for student knowledge and skills that are likely to reduce the rates of sex, pregnancy, and sexually transmitted diseases. Additional program goals and objectives may be established by the sex education advisory board that are not contrary to Michigan law.
- B. Review the materials and methods of instruction used and make recommendations to the Board for implementation. The advisory board shall take into consideration the District's needs, demographics, and trends, including, but not limited to, teenage pregnancy rates, sexually transmitted disease rates, and incidents of student sexual violence and harassment.
- C. At least once every two (2) years, evaluate, measure, and report the attainment of program goals and objectives established by the advisory board. The Board shall make the resulting report available to parents in the District.

Before adopting any revisions in the materials or methods used in instruction under this policy, including, but not limited to, revisions to provide for the teaching of abstinence from sex as a method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease, the Board shall hold at least two (2) public hearings on the proposed revisions. The hearings shall be held at least one (1) week apart and public notice of the hearings shall be given in the manner required for Board meetings. A public hearing held pursuant to this section may be held in conjunction with a public hearing held pursuant to M.C.L. 380.1169.

Each person who provides instruction to K to 12 students in accordance with this policy shall receive training based on District approved standards and in accordance with training requirements of the Michigan Department of Education (MDE) and the Michigan Department of Health and Human Services (MDHHS).

No person shall dispense or otherwise distribute in a District school or on District school property a family planning drug or device. Additionally, any school official, member of the Board, or employee of the Board who is not the parent or legal guardian of the student involved is prohibited from referring a student for an abortion or assisting a student in obtaining an abortion.

For purposes of this policy, "family planning" means the use of a range of methods of fertility regulation to help individuals or couples avoid unplanned pregnancies; bring about wanted births; regulate the intervals between pregnancies; and plan the time at which births occur in relation to the age of parents. It may include the study of fetology. It may include marital and genetic information. Clinical abortion shall not be considered a method of family planning, nor shall abortion be taught as a method of reproductive health.

The Board of Education believes that the goals and objectives of this District are best achieved by a diversity of learning experiences, including those that are not conducted in a regular classroom but are directly related to the curriculum.

The purpose of curricular-related activities shall be to enable students to explore a wider range of individual interests than may be available in the District's courses of study but are directly related to accomplishing the educational outcomes for students as adopted by the Board in Policy 2131.

For purposes of this policy, curricular-related activities are defined as those activities in which:

- A. the subject matter is actually taught or will be taught in a regularly offered course; or
- B. the subject matter concerns the District's composite courses of study; or
- C. participation is required for a particular course; or

Such activities, as well as extra-curricular activities not directly related to courses of study, may be conducted on or off school premises by clubs, associations, and organizations of students sponsored by the Board and directed by a staff advisor.

No curricular-related activity shall be considered to be under the sponsorship of this Board unless it meets one (1) or more of the criteria stated above and has been approved by the Superintendent.

The Board shall allow Nondistrict-Sponsored student clubs and activities to occur during noninstructional time in accordance with the provisions in Policy 5730 -Equal Access For Noncurricular Clubs and Activities.

- A. will not assume any responsibility for the planning, conduct, or evaluation of such activities;
- B. will not provide any funds or other resources;
- C. will not allow any member of the District's staff to assist in the planning, conduct, or evaluation of such an activity during the hours s/he is functioning as a member of the staff.

No nondistrict-sponsored organization may use the name of the School District or any other name which would associate an activity with the District.

In addition to the eligibility requirements established by the Michigan High School Athletic Association, to be eligible for any athletic or other extra-curricular activity, a student must have maintained at least a 2.0 grade-point average for one (1) semester prior to the semester in which s/he wishes to participate.

An exception may be made by the principal if the student is under an IEP or has been participating in an intervention program and has shown satisfactory progress toward achieving the minimum grade-point average.

Students shall be fully informed of the curricular-related activities available to them and of the eligibility standards established for participation in these activities. District-sponsored activities shall be available to all students who elect to participate and who meet eligibility standards.

2430.01 - SPECIAL PROGRAMS BY COMMUNITY VOLUNTEERS

The Board of Education believes in providing opportunities for students to enhance their education through a variety of appropriate co- curricular and extra-curricular activities. The Board recognizes that the community itself can be an excellent resource for such activities and welcomes the participation of community members who have special knowledge and skills that can add to the District's program.

In order to ensure that activities recommended by or involving community volunteers in an instructional role are in keeping with District philosophy and will help students better accomplish the learning goals of the District's program, the Board establishes the following guidelines for the approval of any activity involving community volunteers:

- A. Any suggested activity must be presented to the Superintendent, in writing, at least twenty (20) work days prior to the planned starting date.
- B. Each request must include:
 - 1. the purpose of the activity;
 - 2. the students for whom the activity is planned;
 - 3. the intended learning outcomes;
 - 4. an explanation of how the intended learning outcomes contribute to the accomplishment of District goals;
 - 5. the names and qualifications of those community volunteers who will be participating in any aspect of the activity;
 - 6. the number of hours and total duration of the activity;
 - 7. an itemization of the District resources (staff, facilities, equipment, etc.) that will be needed and their estimated cost.

The Board delegates to the Superintendent the responsibility for approving each requested activity based on its educational merits and relationship to the total District program.

In addition to those established for all regular co-curricular and extra-curricular programs, the Superintendent will prepare any special administrative guidelines required for the proper conduct and evaluation of activities involving community volunteers.

2431 - INTERSCHOLASTIC ATHLETICS

The Board of Education recognizes the value to the District and to the community of a program of interscholastic athletics for as many students as feasible.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone.

The program should foster the growth of school loyalty with the student body as a whole and stimulate community interest in athletics.

Game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of students as feasible within the District.

The Board further adopts those eligibility standards set by the Constitution of the Michigan High School Athletics Association (MHSAA) and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play, and fair competition, rather than on winning, particularly at sub-varsity levels. The Superintendent is to develop guidelines for coaches to follow which will ensure that as many team members as possible get the chance to play, so they have the opportunity to benefit from the learning experience.

Use of a performance-enhancing substance by a student is a violation that will affect a student's athletic eligibility and extra-curricular participation, as determined by the Board.

A list of performance-enhancing substances developed by the Department of Community Health can be found in AG 2431. This list will be distributed to parents.

The Superintendent shall develop appropriate administrative guidelines for the operation of the Athletic Program and a Code of Conduct for those who participate. Such guidelines should provide for the following safeguards:

- A. Prior to enrolling in the sport, each participant shall submit to a thorough physical examination by a licensed physician and/or parents shall report any past or current health problems along with a physician's statement that any such problems have or are being treated and pose no threat to the student's participation.
- B. Any student who is found to have a health condition which may be life-threatening to self or others shall not be allowed to participate until the situation has been analyzed by a medical review panel that has determined the conditions under which the student may participate.
- C. Any student who incurs an injury requiring a physician's care is to have written approval by a physician prior to the student's return to participation.

A female student shall be permitted to compete for a position in all interscholastic athletic activities. If the District has a girl's team in an interscholastic athletic activity, a female shall be permitted to compete for a position on any other team for that activity.

The Board requires that each student enrolling in one of the District's interscholastic athletic programs agree to sign an enrollment application by which they agree to participate in a random and reasonable suspicion drug-testing program, conducted and paid for by the District, during the term of the athletic program in which the student will be participating.

The Superintendent shall develop administrative guidelines which provide for a drug-testing procedure that will produce consistently- reliable test results and protects the student's rights to privacy.

Any athlete who tests positive for any drug other than a prescribed medication shall be disciplined in accordance with due process and the Discipline Code adopted by the Board.

In support of the Michigan High School Athletic Association's program to strengthen sportsmanship, ethics, and integrity, the Board commits itself to:

- A. adopt policies (upon recommendation of the administration) which reflect the District's educational objectives and promote, the ideals of good sportsmanship, ethics, and integrity;
- B. establish standards for athletic participation which reinforce the concept that athletic activities are a privilege, not a right;
- C. attend and enjoy school athletic activities, serving as a positive role model and expecting the same from parents, fans, participants, coaches, and other school personnel;
- D. support and reward participants, coaches, school administrators, and fans who display good sportsmanship;
- E. recognize the value of school athletic activities as a vital part of education.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches should never dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance-enhancing purposes.

The Superintendent is also to develop guidelines for ensuring that sportsmanship, ethics, and integrity characterize the manner in which the athletic program is conducted and the actions of students who participate. Such guidelines should include the MHSAA's set of expectations for each type of participant as well as the Sportsmanship Code of Conduct which each type of participant is to follow. The Superintendent is authorized to implement suitable disciplinary procedures against those who violate this Code of Conduct.

2575 - COMMUNITY SERVICE FOR THE MICHIGAN MERIT AWARD

The Board of Education believes that actively participating in community service will enhance students' interpersonal skills and self esteem, enable them to connect their academic learning to the real world, and make them aware of the wide range of opportunities for service that exist in any community. The Board further believes that devoting time during a student's school years to serve others or the community as a whole may engender a life-long commitment to service, and thereby make this community or any community where our graduates eventually live, a better place.

Accordingly, the Board directs the Superintendent to provide opportunities for student performance of forty (40) hours of community service during a four (4) year high school career to meet one of the requirements for the Michigan Merit Award. Such learning through community service may be for credit in conjunction with co-curricular and academic programs of the District if approved by the District and if in compliance with requirements set by the Michigan Merit Award Board. The student may not be compensated for the service. The service is to be for individuals not related to the student, and is to be for charitable purposes, not political purposes.

There are no exceptions to the forty (40) hour community service requirements if a student wishes to earn a Michigan Merit Award.

Students are responsible for maintaining records to keep track of hours of community service and report this information to the school. Students' completion of the community service requirement will be reported through the Michigan Merit Award Status List.

Any community service work done with the expectation of credit toward class requirements or graduation must have prior written approval from the principal.

This policy may be revised at any time as long as the requirements of the Michigan Merit Award Board Resolution 2004-1 are met.

The Superintendent will develop administrative guidelines to support this policy.

The Board of Education believes that effective education includes proper evaluation of the results produced from the educational resources provided by the community and the government. As the governing body of the District, the Board has the responsibility for assessing how well goals are being accomplished.

The Board shall fulfill this responsibility by establishing a means for the continued evaluation of results which shall be systematic and specific.

The Superintendent shall recommend improvements in the educational program annually, based on the evaluation of the District's program. Such improvements shall reflect the plans for improvement of the educational program submitted by each school principal. The Superintendent shall examine the requirements for each of the programs or incentives to determine which are feasible for this District and provide the Board with the necessary resolutions for those selected.

At Risk Funding

The State School Aid Act provides Section 31a funding for instructional and student support services who meet the at-risk identification characteristics specified in Section 31a(20).

At-risk characteristics include low achievement on State- or local-administered assessments in mathematics, English language arts, social studies or science; failure to meet proficiency standards in reading by the end of 3rd grade or career and college readiness for high school students at the end of 12th grade; a victim of child abuse or neglect; is a pregnant teenager or teenage parent; has a family history of school failure, incarceration or substance abuse; is economically disadvantaged; is an English learner (EL); is chronically absent as defined and reported to the Center for Educational Performance and Information (CEPI); is an immigrant who has immigrated within the immediately preceding three (3) years; and in the absence of State or local assessment data, meets at least two (2) or more identified risk factors.

Section 31a funds are limited to instructional services and direct non-instructional services to students. They may not be used for administration or other related costs. The District shall implement multi-tiered systems of support, as required, in order to access such funding.

Annually, the Superintendent shall allocate such funding to appropriate programs and services based on District priorities. Section 31a funds may be used to provide an anti-bullying or crisis intervention program.
